Phone:

+923235028316

Email:

mhasantariq@gmail.com

Skills

- HTML5
- CSS3
- SASS/SCSS
- NodeJS
- Express
- Bootstrap
- JavaScript
- SQL
- MongoDB
- Postman
- MVC architecture
- REACT JS
- Redux
- React Query

Projects

CLOUX GAMING – The best project I have ever worked on until now. (A landing page for gaming website built from scratch using HTML, SCSS)

<https://cloux-gaming.netlify.app/>

<https://github.com/mhasantariq/Cloux-Gamming>

FORKIFY - A recipe suggesting website based on MVC architecture (includes use of fetch API to make AJAX calls to the server and render the response back to the client)

NATOURS – A tour operator project with the following additional attributes

- Map Box integration
- Stripe Integration (Simple checkout page)
- Multer Image Uploading
- Sharp image processing
- Authentication using JWT tokens
- Postman API testing

REACT – I am currently learning through the below mentioned course.

Courses

- Advanced CSS and SASS by Jonas Schmedtmann
- The complete JavaScript course By Jonas Schmedtmann
- Node JS course By Jonas (Currently Learning)
- Modern React with Redux By Stephen Grider (Learning)

Education

- **BSCS:** Expected Completion - **2024**
National University of Modern Languages, Islamabad
- **FSC** - Punjab College Quaid Campus , Rawalpindi
- **Matric** - Radiant Secondary School, Rawalpindi

Other Skills

Got some experience in the following tools

- **Adobe Illustrator**
- **Adobe Photoshop**
- **Figma**
- **Adobe XD**

Built a clone of Netflix landing page using Adobe XD
